3+3 art Space was set up in July, 2005 by the female artist Man kaihui. It locates in Dashanzi (798) Art South Zone. It was rebuilt from an old warehouse in the Art Zone with an area of 180 m², the exhibition line of over 40m. 3+3 Space has become a beautiful scenery in the 798 Art Zone with its favorable art atmosphere and unique framework designing. Established by the founders of Sanban Studio, is a newly-built art space located in Beijing's 798 art District, and contribute to the contemporary art scene, in order to engage both the intellect and the emotions of all who participate in its projects. It focuses on the exhibition of China's contemporary and modern art as well as that of some foreign artists. We pay attention to the originality and technicality of the artworks. Many kinds of activities and various forms of exhibitions are periodically held so that there will be a platform for the excellent China's contemporary artists and society to communicate. Its purpose is not only to present, but also to discover, explore and develop every kind of creation endowed with life and soul. 3+3 Space has cooperated with many excellent artists successfully.
